

POWERTRACK

SDDC CONFERENCE - USMC TACK-ON
01 MAY 06

*Mr. Roderick
Callewaert
LPD-2/IBM*

AGENDA

- PowerTrack
- Auto CONOPS
- FedEx Credits
- Missing Transactions
- Small Package Express
- Data Analysis Report
- PSI Certification
- Personal Property Issues
- System Helpdesk POCs
- HQMC POCs

POWERTRACK

- Commercial, third party freight payment system based on the credit card concept
- Directed for use by MRM#15 in 1997
 - 5 Themes of MRM#15
 - Use an e-commerce solution
 - Adapt a credit card-like solution (3rd party payment process)
 - Eliminate govt-unique documentation
 - Build in internal financial controls
 - Provide a single, standard payment sys across all modes of trans.
- Currently being used by MC, Army, AF, Navy, DLA, DCMA, and GSA

POWERTRACK

- Current Marine Corps
PowerTrack/Auto CONOPS Sites:
 - Blount Island Command
 - MAGTF 29 Palms
 - MARFORRES
 - MCAF Quantico
 - MCAS Beaufort
 - MCAS Miramar
 - MCAS Yuma
 - MCBH Kaneohe Bay
 - MC Base Camp Butler
 - MCB Camp Pendleton
 - MCB Camp Lejeune
 - MCB Quantico

AUTO CONOPS

- Auto CONOPS (Automated Commercial Transportation Payment and Accounting Process Concept of Operations)
- Automates financial back-end processing
- Embodies latest e-commerce technology
- The Auto CONOPS:
 - Eliminates government-unique documentation
 - Reduces cost and infrastructure
 - Automates the payment and accounting process by using:
 - Segmented, pre-edited lines of accounting (LOAs)

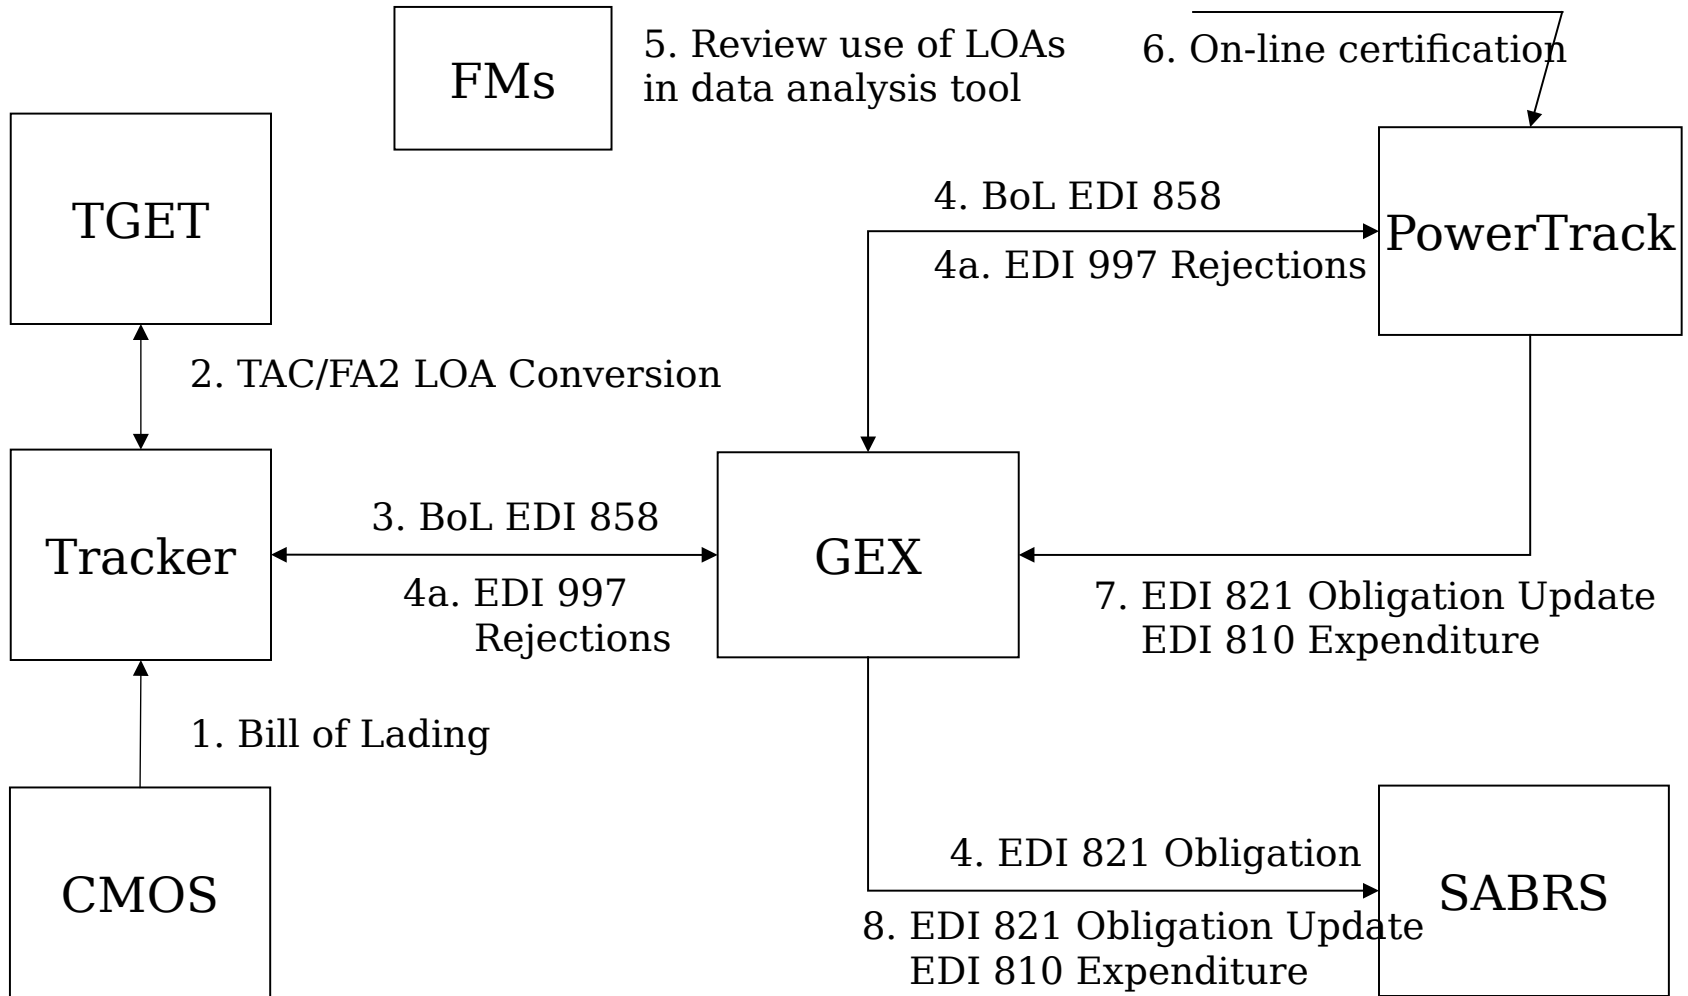

AUTO CONOPS

- Increase invoicing efficiency
- Reduce manual workload throughout the entire process
- Comply with financial law, regulations, and policy
 - Use TGET (Transportation Global Edit Table) to validate segmented LOAs
 - Record obligations at time of occurrence via EDI feeds
- Integrate financial and operational systems

AUTO CONOPS FLOWCHART (MC)

AUTO CONOPS (MC)

- Rolled out to 2 additional MC sites in FY05 (MCB Kaneohe Bay, MCB Camp Butler)
 - Pending Evaluation of MCAS Iwakuni, MCRD San Diego, and MCRD P.I. during FY06 (for PT/Auto CONOPS)
- PowerTrack Summary Invoice (PSI) Certification Process
 - Requires both manual and online certifications for the manual and electronic portions of the PSI
 - Must use the PSI Line Item Detail to research charges for certification
- New USMC Chart of Accounts (COA) for FY06 (all MC sites share)
 - Limitation of COA (Does not allow for same TAC to be associated to multiple LOAs).

AUTO CONOPS (Others)

- Pilot sites for Army Rock Island and Navy Norfolk began in FY05 (Additional sites expected to be rolled out from each service in FY06)
- Impact to USMC on Army and Navy Sites being rolled out in FY06
 - Additional USMC LOAs will be paid electronically at DFAS
 - Additional Army and Navy LOAs will be processed electronically with segmented LOAs for USMC PowerTrack Accounts
- Air Force testing is expected to begin in FY06
- DLA has requested to be rolled out after other services have completed implementation

FEDEx CREDITS

- Issue: FedEx does not process e-bill credits (refunds) in PowerTrack
- Result: FedEx is mailing refund checks directly to the USMC TMO's office
- HQMC Response: To ensure these refund checks are processed and credited to the correct Line of Accounting (LOA) and Transportation Accounting Code (TAC) the following steps should be followed by the TMO
- Download and complete the DD Form 2277 below
 - Website for NAVCOMPT Form 2277 :
[http://www.hqmc.usmc.mil/ar/mcefs.nsf/b5a536623154e656852568000051e863/7f030b136173305585256319005c3103/\\$FILE/NAVCOMPT+2277.pdf#search='NAVCOMPT%20Form%202277](http://www.hqmc.usmc.mil/ar/mcefs.nsf/b5a536623154e656852568000051e863/7f030b136173305585256319005c3103/$FILE/NAVCOMPT+2277.pdf#search='NAVCOMPT%20Form%202277)
 - Remember to include the appropriate TAC that should be credited for the FedEx refund

FEDEX CREDITS

- Mail the completed NAVCOMPT Form 2277 and the check to:
Defense Finance and Accounting Service
Kansas City Center/ATKL
1500 E. 95th Street
Kansas City, Missouri 64197-0001

MISSING TRANSACTIONS

When it is suspected that transactions are missing from PowerTrack, the following steps must be taken by the local system administrator:

1. Verify that a valid BoL has been issued by your office
2. Identify date/time the BoL passed outgoing messages to DAASC in CMOS
3. Go to <https://tracker.wpafb.af.mil/>
4. Insert BoL number into Logistics Data Query screen (No frames)

MISSING TRANSACTIONS

5. View display results: (example)

- CBL Number: BGMT300147
- TCN: M304003080FE01XXX
- Date/Time Received: Apr 29 16:39 (in Tracker)
- Date/Time Passed: Apr 30 14:15 (to PowerTrack from Tracker)
- DAAS File Name: XWP0161484.119.1.20030429142002
- ICC Number: 002574279
- TAC: Local Funds
- Bill To DODAAC: M93025

MISSING TRANSACTIONS

6. For entries in the date/time received and passed fields and the DAAS filename:

- Tracker has received, processed and transmitted the BoL to PowerTrack on the date/time indicated using the DAAS filename
- Contact US Bank Helpdesk to obtain confirmation of upload into PowerTrack database by providing them the Interchange Control Number(s) (ICC#) of the file(s) that these CBLs were in, the date the file was sent, and whether or not you received an EDI 997 (rejection notice) acknowledgement from PowerTrack

MISSING TRANSACTIONS

7. If there are no entries in the date/time passed and DAAS filename fields, Tracker has received the transaction, but not yet transmitted the BoL
 - Contact Tracker at number shown on website to report problem

8. If there are no entries in the date/time received and passed and DAAS filename fields, then Tracker has not received the BoL
 - Contact the CMOS FAB to report a missing transaction

9. If the above procedures do not resolve the missing transaction issue, contact LPD-2, HQMC (703-695-7930, DSN 225-7930) for assistance.

SMALL PACKAGE EXPRESS

- Carrier Invoicing Model
 - MCB Camp Pendleton is inputting shipment information into FedEx PowerShip to receive electronic invoices that load into PowerTrack
- E-bill Invoicing
 - FedEx transactions that are not loaded into PowerTrack by the carrier or are not loaded correctly can be processed by generating an e-bill within PowerTrack
 - MC Base Camp Butler, for example, has denied payment for FedEx transactions and has paid these bills by manually inputting the correct shipment information using information from the paper invoice

SMALL PACKAGE EXPRESS

- CMOS/ I2P
 - Air force has completed implementation of I2P, which permits processing of small parcel shipping documentation and feeding buyer-side data to PowerTrack to facilitate use of the Matching Model
 - MCAS Beaufort, MCAS Yuma, and MCB Lejeune are currently using I2P to generate shipping documentation, but they are still using the E-bill Invoicing Model for payment
 - Due to high volumes and I2P processing time, MCB Lejeune is considering reverting back to FedEx PowerShip and using the Carrier Invoicing Model
 - MCB Camp Pendleton is considering testing I2P for generating shipping documentation for UPS small parcel shipments and using the Matching Model
- FedEx PowerShip Version 2285
 - Permits processing of both express and ground shipments
 - Has three shipper reference fields (1) used for TCN (2) used for TAC (3) available for other information
 - In the Carrier Invoicing Model, the TAC is populated in the short-hand alias field in PowerTrack

DATA ANALYSIS REPORT

- The Data Analysis tool allows the user to search all transactions in PowerTrack based on a TAC
 - Funds Managers and others use the canned queries to research paid transactions in PowerTrack
- Data Analysis supports the following responsibilities for the funds manager:
 - Review use of Accounting Codes/TACs in PowerTrack using the Data Analysis Report
 - Contact TOs to have them change invalid or inappropriately used Accounting Codes/TACs by creating BoL updates
 - Record year-end accruals using PowerTrack Data Analysis Report
 - Obligating Pre-Val failures (No exceptions)
 - If incorrect TAC charged, take corrective action “charge must be posted immediately...” (This is one of those missed opportunities of not reviewing charges against your TACs regularly)

DATA ANALYSIS REPORT

The Data Analysis Report allows users to search on the Shorthand Alias field which contains USMC TACs.

1) Select the Reports tab from the top menu of the PowerTrack Main Menu.

2) To enter the Data Analysis Tool Select "Data Analysis" from the list of available Reports

The screenshot displays the PowerTrack website. The top navigation bar includes links for Transactions, Statements, Reports, Configuration, Navigation, and Log Out. The Reports menu is expanded, showing options like Approval Method for Transportation, Approval Performance, Data Analysis, Expense Distribution, eBill Monitor, LifeCycle Statistics for Buyer, LifeCycle Statistics for Seller, Payment Delays, and Unmatched Transactions. The Data Analysis option is highlighted. On the left, a sidebar menu lists various sections including Home, About PowerTrack, Patent Info, Conferences, FAQ, Privacy Pledge, Business Partners, Seller Directory, Certified Seller List, Seller Certification, DoD Shipping Sites, Training Opportunities, Transportation Training, International Training, Quick Reference Guides, Goods and Services Guides, Transportation Guides, Contact Information, and Contact PowerTrack. The main content area features a section titled "New Password Requirements" with text about maintaining data security and a link to "Click here" for more information. Below this is a section titled "New and Improved" with text about seller statement enhancements and a list of improvements: faster information display, printer-friendly options, and full transaction detail display. A link to "Click here" is provided for more details on seller statement enhancements. On the right, there is a banner for the 2006 U.S. Bank FSC Orlando, Florida conference, held from January 31 to February 2, 2006, with the website www.usbankconference.com and the slogan "Working together is Success" by Henry Ford.

New Password Requirements

At PowerTrack, maintaining the privacy and security of your data is our top priority. To ensure that your data remains secure and private, we are implementing additional requirements for PowerTrack passwords. [Click here](#) to find out more.

New and Improved

PowerTrack is pleased to announce enhancements to the seller statement! The enhancements will improve readability, load-time speeds, and overall performance.

Just a few of the seller statement improvements are listed below:

- Information is now displayed on your screen much faster.
- A new printer-friendly option supports portrait printing.
- Statement information can be displayed with or without full transaction detail.

[Click here](#) read about all of the seller statement enhancements.

DATA ANALYSIS REPORT

A list of Canned Reports is provided and available for use to the TMO. To view a report on a specific USMC TAC used from different shippers, the TMO will select the "Financial Reports" folder.

3) Double Click on the "Financial Reports" folder.

DATA ANALYSIS REPORT

4) Select the Financial Report “1.1.2 Accounting Code Paid Detail”

To Ensure that the Report does not time out in PowerTrack it is recommended that the user run the report as

5a) Select “Run Deferred” to run the report as

5b) To get the results immediately click “Run Report”. *This option may time out in PowerTrack”

The screenshot displays the PowerTrack software interface. At the top, a toolbar contains various icons, including a 'Run Deferred' button highlighted in yellow. Below the toolbar, a tree view on the left shows a hierarchy: 'Repository' > 'Buyer'. The main pane on the right, titled 'Standard Reports', shows a list of reports under the 'Buyer' folder. The report '1.1.2 Accounting Code Paid Detail' is selected and highlighted in blue. Other reports listed include '1.1.1 Accounting Code Paid Summary', '1.2.1 Dollars and Document Counts Across Financial Status For Open BO', '1.3.1 Dollars and Document Counts Across Financial Status For Open eBi', '1.4.1 Spend by Seller', '2 Key Performance Indicators', '3 Logistics Reports', '4 Service Charge and eBill Reports', 'DELIVERY ANALYSIS REPORTS', and 'Standard Report Definition Guides'. At the bottom right, a logo indicates the software is 'powered by WebFOCUS'.

DATA ANALYSIS REPORT

6a&b) Enter the desired search criteria into the empty cells. "MGR3" is used in this example

7a&b) Click the "Submit" button

Seller Paid Date >= (in YYYYMMDD format):	<input type="text" value="20051001"/>
Seller Paid Date < (in YYYYMMDD format):	<input type="text" value="20060110"/>
Accounting Code Contains(optional):	<input type="text" value="MGR3"/>
Output Format:	<input type="text" value="EXL2K"/> <input type="button" value="v"/>
<input type="button" value="Submit"/>	
<input type="button" value="Reset"/>	

DATA ANALYSIS REPORT

The following page is displayed to indicate the report has been submitted.

8a) Close this window and follow the remaining steps to find the report.

	Deferred Report Notification	Information Builders.
<p>Wednesday, January 11, 2006 1:44:48 PM</p> <p>1.1.2 Accounting Code Paid Detail has been successfully submitted for deferred execution.</p>		

DATA ANALYSIS REPORT

9a) To view the status of the report log back into the Data Analysis Report.

10a) Select "Deferred Status"

DATA ANALYSIS REPORT

**11a) The TMO
selects his or
report by clicking
“View”.**

Summary Invoice

DoD Picks PowerTrack for Personal Property Moves

On February 3, 2005, the DoD mandated the use of PowerTrack for all personal property moves. Currently, 37 sites are using the PowerTrack Payment Network with more to be rolled out in the coming months.

"We are excited to welcome all the new transportation service providers onboard," said Richard G. Langer, General Manager for PowerTrack. "As the busy moving season begins, we are pleased to help improve the moving experience for military family members."

Download a copy of the [Federal Registry Notice](#).

New Support for European Buyers and Sellers!

To serve you better, PowerTrack is pleased to announce that we opened a European customer service center offering bilingual support. Representatives are available Monday through Friday from 9:00 a.m. to 5:30 p.m. Central European Time (CET) to answer all of your questions about PowerTrack.

If you need assistance with PowerTrack when in Europe, contact the European customer service center by calling:

- In the UK: +00353.402.25733
- In Germany, Austria or the Netherlands: +800.3876.2669
- In Turkey: +800.4488.21125

For extended hours, you may continue to call PowerTrack Customer Service in the U.S. at +001.612.973.3170.

FSC Registration Begins!

If you thought that the 2004 conference was good, just wait for our conference in San Diego. There's more of everything, more labs, more case studies, and yes, we are once again featuring the "Big Event"! To learn more, visit www.usbankconference.com.

Approve the PowerTrack Summary Invoice		

PSI CERT. PROCESS - ONLINE

The screenshot displays the PowerTrack web application interface. At the top, the header includes the PowerTrack logo, the tagline "The Smart Currency™", the USbank logo, and a navigation menu with links for Transactions, Statements, Reports, Configuration, and Navigation. The main content area shows a "Summary Invoice Approval" dialog box. This dialog contains a paragraph explaining that the action will approve the PowerTrack Statement and lock-down accounting data. Below this is a text box with a certification statement: "As a Certifying Officer, I hereby certify that this Summary Invoice represents the amount due U.S. Bank for payment services rendered during the billing period ending July 15, 2003. I further certify that the amounts shown as being expensed to each expense account are accurate and correct. This certification applies to each transaction contained within the Summary Invoice, jointly and severally." Below the text box is a "Password Verification" dialog box. This second dialog prompts the user to "Please enter your password for verification:" and includes a password input field and "OK" and "Cancel" buttons. A blue arrow points from a yellow instruction box on the left to the password input field in the Password Verification dialog.

Summary Invoice Approval

This action will approve the PowerTrack Statement, and will lock-down the accounting data on all transactions identified on this statement. Please review the following approval declaration, and select the appropriate option below.

As a Certifying Officer, I hereby certify that this Summary Invoice represents the amount due U.S. Bank for payment services rendered during the billing period ending July 15, 2003. I further certify that the amounts shown as being expensed to each expense account are accurate and correct. This certification applies to each transaction contained within the Summary Invoice, jointly and severally.

Password Verification
Please enter your password for verification:

OK Cancel

10. Enter password and click "OK" to approve the Summary Invoice.

PSI CERT. PROCESS - ONLINE

Once certified the Summary Invoice will include this box at the bottom of the page with approver name, user ID, and date.

Get Your Computer Ready for the PowerTrack
Release 2.7

This July, PowerTrack will add new and industry-leading accounting features as part of our upcoming system release, PowerTrack Release 2.7. This upgraded version of PowerTrack will allow users unparalleled control and automation of the expense classification process, enabling superior expense control throughout the payment cycle.

PowerTrack is designed to be easily accessible from standard versions of Microsoft® Windows® operating systems and Microsoft® Internet Explorer, using the most up-to-date technology available. To take advantage of the functionality coming in PowerTrack R2.7, you may need to upgrade your computer operating system and internet browser. Please forward these system requirements to your Information Systems staff to determine if your system needs to be upgraded.

Operating System Changes

If you use Microsoft® Windows® 95 or Microsoft® Windows® 98, you will need to upgrade your operating system to use PowerTrack R2.7. Because Microsoft no longer offers technology upgrades for these operating systems, they are not capable of supporting standard Internet technologies used in the PowerTrack environment. Also, Microsoft intends to discontinue support for Microsoft® Windows® NT 4.0 on June 30, 2003. You

Conference Details...

When: Tuesday, June 24 – Thursday, June 26, 2003

Where: San Francisco Marriott
55 Fourth Street
San Francisco, CA 94103

Registration Fee: \$495 per person

PSI CERT. PROCESS - MANUAL

4. The PowerTrack Account Number will populate automatically to the most current account selected based your user ID (if another account is desired – select the arrow in the drop down box to the right of the Account Number).

5. Click '**Submit**'

The screenshot displays the PowerTrack web application interface. The browser address bar shows the URL <https://www.powertrack.usbank.com/powertrack/>. The page header includes the PowerTrack logo, the tagline "The Smart Currency™", and the usbank logo. A navigation menu contains links for Transactions, Contracts, Statements, Reports, Configuration, Navigation, and Log Out. The main content area features a "Summary Invoice" form. The form has a label "Account:" followed by a text box containing the account number "4246054000001621 - MARINE CORPS BA". To the right of the text box is a small downward-pointing arrow indicating a dropdown menu. Below the text box are two buttons: "Submit" and "Cancel". Two blue arrows originate from the text in the yellow box on the left: one points to the dropdown arrow, and the other points to the "Submit" button. The bottom status bar shows the user "User: jquinnod1" and a system clock.

PSI CERT. PROCESS - MANUAL

6. Select the Summary Invoice that requires certification (**"Approval Required"**) by clicking the Summary Invoice Number.

7. Click the detail button from the menu bar to view detail

PSI CERT. PROCESS - MANUAL

9. Select “Print Manually Billed Accounting Detail” print option / view and click OK. It is **very important that the CO only certifies the manually billed detail on the paper copy of the invoice to avoid duplicate payments by DFAS.**

10. Sign the Manual Section of the Summary Invoice to Certify.

11. Mail the certified manual portion of the Summary Invoice to DFAS Commercial Pay.

NOTE: After selecting OK a warning box will appear indicating “This page is best printed using landscape” - Select OK

PERSONAL PROPERTY ISSUES

- February 3, 2005, DoD mandated the use of PowerTrack for all personal property moves
- Currently, 37 sites are using the PowerTrack Payment Network with more to be rolled out in the coming months

- See Federal Register, Vol. 70, No. 22/Thursday, February 3, 2005,
